Upcoming Dates for your Diary

18th Oct 7pm NHW meeting Guest speaker from the SES (state emergency service)

Last meeting for the year

Regular meetings are held on the 3rd Monday of every 2nd month.

Dates are closer than they appear!

Gatherings are held from 7pm in the Staff Room, McDowall State School - Rode Road McDowall

Previous Meeting

Annual General Meeting

All office bearers (committee and zone coordinators) were re-elected to office, so you won't need to lean more new faces. One of the residents has volunteered to be our auditor (to keep those NHW funds in order!).

SES Guest speaker

Our guest speaker from the SES didn't make it—so you have another opportunity to catch up and learn about the local SES chapter.

Norm Wyndham

The recently elected councillor, Norm Wyndham, stopped for a visit and spoke on a number of topics that affect residents, most notably the extension of Hamilton Road .

The residents consultation process should begin during October / November during which residents, especially those that back onto Hamilton Road) will receive information on the works and have their opportunity to provide feedback to the design process.

The consultations are expected to stretch well into 2005 with intersections upgraded though 2005 and 2006, finally for construction to commence 2007.

Police Report

In a disturbing incident a number of perpetrators that where 'known to police' assaulted the owner of the Newsagency, located next to the Brumbys at the McDowall shopping centre (on Hamilton / Beckett roads). The offenders made off some cash and departed in a vehicle parked behind the centre.

According to today's regulators and bureaucrats, those of us who were kids in the 40's, 50's, 60's, or even maybe the early 70's probably shouldn't have survived.

- Our baby cribs were covered with bright coloured lead-based paint.
- We had no childproof lids on medicine bottles, doors or cabinets, ... and when we rode our bikes, we had no helmets.
- As children, we would ride in cars with no seatbelts or air bags.
- Riding in the back of a ute on a warm day was a special treat.
- We drank water from the garden hose and not from a bottle.
- We ate cupcakes, bread and butter, and drank soft drink with sugar in it, but we were never overweight because we were always outside playing. them.
- We shared one soft drink with four friends, from one bottle, and no one actually died from this.
- We had friends! We went outside and found them.
- We rode bikes or walked to a friend's home and knocked on the door, or rang the bell or just walked in and talked to them.

PUTTING CRIME OUT OF BUSINESS A new initiative of the Queensland Police Service, Department of Communities and NRMA has been developed to help small and medium sized businesses reduce the risk of crime.

Small businesses are often exposed to crime and will be given the opportunity to participate in the BizSafe program in 2004 and 2005. The seminars will target businesses with less than 20 employees.

The workshops are designed to get thinking about some of the simple steps making their business more secure. They will provide an understanding of the nature of crime, the conditions that make crime possible, and the extent of the problem of crime against businesses in the local area.

BizSafe gives businesses first hand help from police and risk experts, helping to take simple and positive steps to reduce the risk of crime.

For further information about BizSafe, contact Senior Sergeant Cameron Hall on 3234 2111.
